

PORT OF KIEL

ELECTRONICS TECHNICIAN ENERGY AND BUILDING TECHNOLOGY

Are you a team player? Do you enjoy being on the water?
Do you enjoy a varied job and are you looking for new challenges every day?
We are looking for an employee to join our electrical workshop team as soon as possible.

WE OFFER

- Working with a direct view of the fjord
- Personalised equipment with high-quality work clothing
- Whether e-bike or cargo bike: possible as part of our bike leasing programme
- NAH.SH job ticket and Germany job ticket discounts
- Discount campaigns via corporate benefits
- Special annual payment & bonuses
- Accident insurance (professional and private)
- Flat rate for a wide range of sports facilities and offers: Hansefit
- Networking with colleagues, even beyond the team? Possible at various activities and events such as curling, sup events, Kutterpullen, darts, BBQ, Christmas parties, etc.
- Allowance for company pension scheme and capital-forming benefits and much more!

YOUR MAIN TASKS AT A GLANCE

- Maintenance, servicing and troubleshooting on cranes, gangways and RoRo berths
 - Laying wires and cables in the port area and in the buildings
 - After successful induction: participation in our on-call service
 - Testing and documentation of mobile devices
 - Installation and testing of e-mobility
 - Replacing lights of all kinds (exterior and interior)
 - Supervision of car park installations/systems and cabling of networks
- There are many more exciting tasks waiting for you at the port!

YOU HAVE

- Completed training as an electronics technician specialising in energy and building technology
- Professional experience in the maintenance and repair of electrotechnical systems
- Knowledge of crane technology and a 10 KV switching authorisation are desirable
- Class B driving licence is in possession
- You are available for our on-call service
